Dear Dixie Board,

Please review the following attachments of the Change the Name supporter list. All the names were submitted via email through [changethename.net](http://changethename.net)

Submissions continue to filter in on a daily basis. I know it's hard to believe but people residing within our district are just hearing about this issue now and most are keen on changing the name. Other interesting observations, some newer submissions who have been watching closely for months have signed on in just the last week feeling they can no longer keep silent. Even more startling is that they were warned by some community members not to get involved.

Undoubtedly, passions are ruling both sides. Thank you for coordinating the facilitated meeting on February 6th. My hope is that it is well attended by people on both sides of the issue. I think we will need several in order to move forward as a community.

If you would like to be updated on new submissions prior the board meeting on February 12th, I am happy to oblige. Please join the growing list of Change the Name supporters in working toward equity in our beloved school district.

Thank You,
